

enviroANNUNCIATOR

3 Channel LED Alarm Annunciator

General Description:

Enviro Technologies introduces Alarm Annunciators with the most advanced features. With increasing automation at every stage in a process control system, our Alarm Annunciators would play a vital role in immediate fault recognition by providing instant visual and audible alarms for any environmental deviation like temperature, RH and Differential pressure. However simple or complex your alarm requirement, our Alarm Annunciators will provide the most cost-effective solution.

Main Features:

- Three Digital Inputs, potential free contacts (Rated for Max 24VDC)
- Alarm Mute time pre-configured (factory configured)
- Individual Acknowledgement for each Channel (T, RH & DP)
- Annunciation for 'Normal' and 'Alarm Condition' for each channel
- Sleek and compact MS Powder coated enclosure with SS304 Faceplate
- Dimensions: Panel Cut-out: 173 (W) x 168 (H) in mm
Faceplate: 210 x 210 in mm
- Backbox: Inbuilt buzzer and external common hooter with potential free contact. Rating output contact maximum 500 amp @ 2 V DC
